

Dear WAPAC Churches,

As we have shared, WAPAC is sending a Nazarene Missions Team to the Philippines in February 2025 for a project at Philippine Nazarene College in La Trinidad, Benguet.

The onsite project is a critical dining hall renovation, including work with the roof and a drop-down ceiling. We also will be renewing two bathrooms, including tile, plumbing and painting. The project cost is anticipated to be approximately \$20,000. While participants in the renovation project are paying for their own trip expenses, the project itself is a WAPAC project and needs financial support.

Request for your church: Would your church be willing to support this WAPAC project financially in 2025?

We encourage each WAPAC church to contribute at least \$300 to this project in 2025, but ask that you consider an amount as your heart prompts you to give. Any financial support for this project counts toward your church's 10% mission giving. Directions on how to send in funds are on our website at <https://www.wapacnmi.org/nmt>.

In addition, please join us in praying for the team, for the work, for the college, and for the lives that will be touched through this project.

If you have questions about this project, please reach out.

In His Service,

Rev. Joni Kirk
District NMI President
